Program Educational Content

Vitreoretinal procedures, even if they do not perform the surgical procedures themselves. Post-operative management of patients with ocular inflammation who undergo cataract surgery, glaucoma surgery, and diagnostic and therapeutic corticosteroids, immunosuppressive drugs, and oral nonsteroidal anti-inflammatory drugs, and learn the indications for and the perioperative (i.e. pre- and post-operative) management of patients with uveitis related disorders? These therapies include the use of topical and regional corticosteroids (e.g. periocular and intraocular injections), oral corticosteroids, immunosuppressive drugs, and oral nonsteroidal anti-inflammatory drugs, and learn the indications for and the perioperative (i.e. pre- and post-operative) management of patients with ocular inflammation who undergo cataract surgery, glaucoma surgery, and diagnostic and therapeutic vitreoretinal procedures, even if they do not perform the surgical procedures themselves.
Was there adequate teaching or exposure in the following areas (including cases, lectures, conferences, or informal sessions)?

**Patients seen / Procedures. Did you:**

06-040 -- Examine 100 new patients with uveitis and related disorders?
06-050 -- Examine 500 patients with uveitis and related disorders (new or follow-up)
06-060 -- Examine 150 Follow-up visits/examinations of patients on systemic immunosuppression, (excluding patients on prednisone only)?
06-070 -- Were you exposed to opportunities to develop new knowledge and research skills?

07-020 -- Procedure Log
07-030 -- Academic Activities Log

Provide a list of Academic Activities.
Possible Types are:
- Lecture
- Non-lecture presentation
- Attendance at a subspecialty meeting or work-shop (w/out presentation)
- Journal Club
- other

07-040 -- Research Activities Log:
Please identify the research or other academic projects on which you worked, and for each entry, please list your role in the project. Also identify any presentations or publications that resulted from each project. List only those presentations that you personally gave (or posters on which you were an author) and publications on which you were an author.

For publications, provide a complete citation, as would appear in PubMed (authors, title, Journal (if published or in press) and status for those papers not yet published (in press, in revision, submitted, or in preparation).

For presentations of research material at national/international meetings, please identify the author(s), title of presentation, name, location, and date of the meeting or publication, and sponsoring organization of the meeting.

07-050 -- Your Schedule (A representative weekly schedule of fellow activities that indicates faculty staffing and / or method(s) of supervision.)
07-051 -- Comments: Please submit a brief summary (less than 200 words) of your overall impression of your training.
07-060 -- E-Mail Please enter your email as your signature.
